EDUCATION

NMAM Institute of Technology, 2023 – 2027 | Nitte, India
B.Tech in Electronics and Communication Engineering
CGPA:7.5

Poornaprajna PU College, PUC 2021 – 2023 | Udupi, India
93%

St Mary's English Medium School, SSLC 2020 – 2021 | Udupi, India
89.4%

SKILLS

Technical Skills — C,C++ | LT Spice | Basic Microcontroller | Verilog | MATLAB | Kicad, **Soft Skills** — Adaptability | Effective Communication | Leadership | Time Management

COURSES / CERTIFICATE

IoT-Network Specialist Certificate Programme, Reliance foundation

PROJECTS

Sound Activated Smart Pet Door Controller 12/2025 – 01/2025
Developed Arduino Uno-based embedded system for pet room access via KY-038 sound sensor detecting cat meows, triggering SG90 servo for 8s door latch activation.

Two and Three Switch light Control Logic 02/2025
This project involves Two way and Three way light control logic implemented using System Verilog.

Automatic Toll Booth system using Arduino and Ultrasonic sensors 11/2023 – 01/2024
Designed and Implemented an automated Miniature Toll Booth system using Arduino UNO Microcontroller, Servo motor and Ultrasonic sensors.

INTERESTS

Painting | Culinary Arts | Classical Dancing | Event Planning

CO-CURRICULARS

Lazzerena
Organised the event during University's annual fest 2025
